

TurningPoint

The Trusted Mobile Option

Utilise existing devices to understand your students. Our mobile solution can be used with any web-enabled device and allows students to view and respond to interactive questions from anywhere. Whether using a smart phone, tablet or computer, mobile responding offers the same experience for all learners.

Versatile Solution Available to Everyone

MEANINGFUL COMMUNICATION

Message individual or all students to instantly answer questions or provide notifications.

VISIBLE LEARNING

Questions, images and graphs appear on devices for students to view the material at hand.

SECURE AND RELIABLE

As the first mobile polling solution, we ensure all student data is safeguarded.

PARTICIPATE AT ALL TIMES

Students can respond in real-time or at individual speeds in self-paced mode.

ASK EVERY QUESTION

Diverse question types such as multiple choice and essay allow for complete understanding.

ACCESS TO START NOW

All Turning Technologies student subscriptions automatically include mobile responding capabilities.
